

Tripurasundari vijaya sthava **(Ode of victory to Tripurasundari)**

Translated by
P.R.Ramachander

(“The goddess Tripura Sundari in her aspect as Shodasi is represented as a sixteen-year-old girl, and is believed to embody sixteen types of desire. The Shodasi Tantra, a treatise on the Tantra, describes Tripura Sundari as "the radiant light in the eyes of Shiva". Adishankara has written a great ashtakam extolling her. This is another great prayer addressed to her.”)
